

Help us create *Circles of Influence*!

October 5, 2009

Dear UCDS Friend,

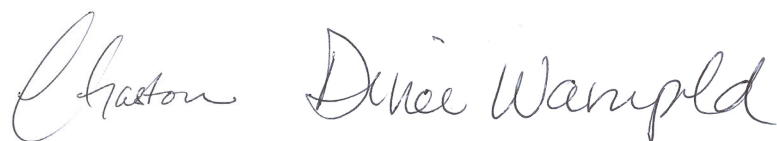

Dina and I met three years ago when our oldest children began their education here in the Early Elementary half-day classroom. Today, between us, we have five children attending UCDS. In the past few years we have been awestruck by the encouragement, support and individual attention each of our children has received at UCDS. This awe led to our desire to co-chair the 2009-2010 Annual Fund.

What is the Annual Fund? Tuition alone does not cover the costs of educating a child at UCDS. The Annual Fund helps make up the difference between tuition revenue and the school's actual operating costs which averages \$2,000 for every child. The Annual Fund has a direct impact on the exceptional teaching that our children enjoy. The small group instruction, specialist programs and well equipped classrooms are all made possible through Annual Fund giving.

Our goal for this campaign is to raise \$200,000. Our success in times like these will require everyone in our community to step up and give at a level that is right for them. The key to making this effort successful is the participation of all of our families.

We are confident that your donation to the *Circles of Influence* Annual Fund will catalyze change in the world around us. How? Most immediately, your gift enables UCDS teachers to individually educate and empower your child. From this tailored coaching your child can move into the world prepared to meet any challenge. With more and more students thus equipped, the possibilities are endless.

Thank you for your support!

Catherine Gaston and Dina Wampold  
Annual Fund 2009-2010 Co-Chairs
